

4 Insider Tips for Choosing the Right Health Plan

Open Enrollment begins **Nov. 1st**.

- 1** No two health plans are the same. Look at all your options, even if you are re-enrolling.
- 2** Consider the monthly bill for each health plan as well as the extra costs, like copay's, for doctor visits. For example, will your doctor's visit cost \$20 or \$50? What about prescriptions?
- 3** Make sure your trusted doctors and hospitals take the plan you choose.
- 4** See if the prescriptions you take will be covered by the plan.

**DON'T
WAIT!**

Open Enrollment ends Dec. 15.
